

NHG Eye Institute 4th International Ophthalmology Congress

In conjunction with
the Singapore Health and Biomedical Congress

Dr Han-Bor FAM
Chairperson
Organising Committee

Dear Friends and Colleagues,

The NHG Eye Institute will be organising its **4th International Ophthalmology Congress** in conjunction with the Singapore Health and Biomedical Congress from 10 to 12 November 2011 at the Suntec Singapore International Convention and Exhibition Centre in Singapore.

Themed “**Evolving Paradigms in Cataract Surgery**” this year, we are privileged to have world renowned Cataract Surgery experts, Clin. A/Prof Thomas Olsen (Denmark), Clin. A/Prof Mark Packer (USA), Dr Daniel Black (Australia), Dr Brian Little (UK), Prof Wolfgang Hagsis (Germany) as our anchor speakers at the congress. Regional opinion leaders such as A/Prof Chee Soon Phaik (Singapore), Dr Sri Ganesh (India), Dr Ronald Yeoh (Singapore), Dr Vinod Mehta (India), Dr Pannet Pangputhipong (Thailand), Dr Mohan Rajan (India) and Dr Sanduk Ruit (Nepal) will also be present at this congress as our key speakers to share their expertise in their respective fields through plenary lectures and a series of symposia.

Here are the Congress highlights:

- **Biometry and Intraocular Lens Power Calculation**
- **Cataract Surgery and Techniques**
- **Community Cataract Surgery**
- **Complex Cataract Surgery**
- **Refractive Cataract Surgery**
- **Video Symposium**
 - Complications of Cataract Surgery and Management
 - Phacoemulsification in Difficult and Challenging Cases

This year, we continue to look forward to the submission of outstanding research from our participants for the oral and poster presentations. We welcome papers in all different subspecialties from basic science to clinical as well as eye care and optometry.

For participants who are keen on hands-on experience, we have also planned a pre-congress event - **Phacoemulsification Workshop** to provide the opportunity for skills transfer to them.

We encourage you to join us and look forward to welcoming you to yet another exciting and rewarding experience at our congress in Singapore!

Dr Han-Bor FAM
Chairperson, Organising Committee
